Fountain County, IN Highlights

Commuting

In Indiana, most workers commute to a job, either within their home county or beyond. Patterns of commuting are significant in showing the labor supply. The county *labor force* represents workers who reside in the county no matter where they work. Two types of commuting patterns are provided here - the Census 2000 *benchmark* and the annual data tabulated from state income tax returns that can help provide a more current view.
Commuting Data, 2007	Number
Number of tax filers who live in county and work	12,304
Number of tax filers who work in the county	10,100
Number of tax filers who live in county and work in county	8,360
Number of tax filers who live out of the county and work in county	1,740
